

SHORT BIOGRAPHY

Dr. Lee Kai Wei
BAgriSci., MSc., Ph.D.

Dr. Kai Wei is a Postdoctoral Research Fellow in the Department of Medical Microbiology at the Faculty of Medicine and Health Sciences, UPM. He has specialized in systematic review and meta-analysis, with a particular focus on epidemiological and psychosocial aspects of infectious diseases. Through his research, Dr. Kai Wei is gaining understanding of the interactions between infectious diseases and public health.

He has been actively involved in several studies in collaboration with both local and international universities and has published his work in JCR-indexed medical and scientific journals. He is passionate about using his expertise to improve our understanding of the impact of infectious diseases and their impact on public health.
