To the Editor:

After the publication of our article entitled Phenolic Content and α -glucosidase Inhibitory Activity of Herbal Mixture: Effect of Processing Technique and Honey Ratio in July Special Issue 2019 [Malaysian Journal of Medicine and Health Sciences 2019; 15(SP2):58-63], it came to our attention that there is certain information regarding the funder that need to be added in the Acknowledgement section. There should be a reference code from the Ministry of Higher Education. We attached a corrigendum along with this letter to request for additional information to be added in the acknowledgement.

Kind Regards,
Azrina Azlan

Corrected funding statement in ACKNOWLEDGEMENTS section

This work was supported by the Fundamental Research Grant Scheme from the Ministry of Higher Education with a grant reference code: FRGS/1/2016/SKK06/UPM/02/7 (UPM Grant No.: 5524916).
