## **GENERAL GUIDELINES FOR CONDUCTING LECTURES/SCL/PRACTICALS**

### **(to be distributed to all lecturers, tutors and demonstrators)**

1. ALL lectures, SCLs and practicals are to be strictly conducted by LECTURERS ONLY. Tutors and demonstrators are only allowed to ASSIST during the practical sessions.
2. For each SCL and practical session, the students are to be divided into a MINIMUM of FOUR (4) groups, with the teaching of EACH group conducted by a lecturer.
3. ALL lectures, SCLs and practicals are to be divided EQUALLY between EVERY lecturer in that particular field.
4. (a) EACH unit should come up with their own respective questions/guides for EACH of the SCLs and practicals (if needed). ALL lecturers should be EQUALLY involved in creating these questions/guides (either by turn or together as a group).  
  
(b) These questions/guides (if needed) are to be distributed to every lecturer conducting that particular SCL/practical for review at least ONE WEEK\* before the session. Any complaints/mistakes/disagreements should be notified to the creator of the questions/guides at least THREE (3)\* days BEFORE the session is conducted, so modifications may be made.  
  
(c) The questions/guides (if needed) may be printed and distributed to all the students once it has been modified.
5. Format of the SCL is up to the unit to decide (MCQs, SAQs, essays, assignments, etc).

\* The timelines given here are only a guide, as some would prefer to give the students the questions earlier to prepare, while others may choose to give them to the students on the day of the SCL/practical itself.

#### Reminder/Note:

Lecturers are supposed to be qualified specialists in their field, and thus assumed to be capable of helping students with any problems or questions the students may have pertaining to that field.

It is the responsibility of EVERY lecturer to conduct an equal number of classes to improve their own teaching skills and to be fair to their other colleagues.

***Tutors and demonstrators may be allowed to assist or sit in as observers, but they do NOT have the required qualifications needed to conduct these teaching sessions.***

**TIMETABLE FOR DOCTOR OF MEDICINE PROGRAMME, SESSION 2024/2025**  
**YEAR 1 FIRST SEMESTER : 1st WEEK**

DAY/ TIME	08:00 - 09:00	09:00 - 10:00	10:00 -11:00	11:00 - 12:00	12:00 - 13:00	13:00 - 14:00	14:00 - 15:00	15:00 - 16:00	16:00 - 17:00
