

### **Short Biography**

#### **Dr Husna Binti Musa MBBS (CUCMS), MMed (Paeds) (UPM), Fellowship in Paediatric Neurology (Malaysia & London)**

Dr Husna Musa is a paediatrician and medical lecturer. She graduated with MBBS from Cyberjaya University in 2010 and first joined UPM in 2014 as a paediatric trainee. She completed her MMED (Paeds) in 2018. She then went on to do her subspecialty training in Paediatric Neurology at Hospital Tunku Azizah and Great Ormond Street Hospital for Children in London. She has great interests in social and community paediatrics, child neurodevelopment and medical volunteerism. She is a life member of the Malaysian Paediatric Association and a member of the Malaysian Society of Neurosciences.

Beyond the hospital, Dr. Husna is a passionate medical volunteer and humanitarian, serving the underserved communities through IMARET and Viva Palestina Malaysia.

She believes that knowledge is the key to better parenting, and through many platforms including MyPositiveParenting and Moontree, she shares and educates parents on child health topics.

Fields : General Paediatrics, Paediatric Neurology
